

Microsoft - Imaging Science Engineer

I am Rich Johnson (Director of Development) for Microsoft Surface. I am looking for Imaging Science candidates with a M.S. or Ph.D. to join the Surface development team. Potential Candidates must graduate by July 2013.

This position is located in Seattle WA and would focus on quantitative and subjective ways to measure video and display image quality as well as focus on ways to improve image quality.

If you know of any candidates please feel free to give them my contact information.

Best Regards,

-Rich
