Computer Vision Internships - Microsoft Research, Redmond

Microsoft Research, Redmond, has several openings for summer internships in computer vision and graphics. For over 20 years, interns at MSR have been conducting innovative and influential research published in top-tier conferences such as CVPR, ICCV, ECCV, NIPS and SIGGRAPH. We count among our intern alumni numerous leaders in both academia and industry. We are looking for the next generation of experienced and highly motivated students to conduct leading research in a variety of areas in computer vision and graphics, including (but not limited to) the following areas:

- object detection and tracking
- 3D reconstruction
- feature learning
- computational photography
- behavior recognition
- image enhancement and image processing
- recognition and matching
- image-based rendering
- optimization algorithms
- interactive graphics and vision

For more details on our research groups and projects, please see:
http://research.microsoft.com/en-us/um/redmond/groups/ivm/interns13/
http://research.microsoft.com/en-us/groups/graphics/
http://research.microsoft.com/en-us/groups/mic/

We are located on Microsoft's campus in Redmond, near Seattle, Washington. We strive to make our internships fun (group activities – enjoy the beautiful pacific northwest!), productive (good research with publications), and profitable (salary, subsidized housing and transportation, etc.).

If interested, please e-mail a cover letter to Piotr Dollar pdollar@microsoft.com containing your research interests. The subject of all messages concerning your application should be "Internship: [firstname] [lastname]", e.g., "Internship: Jimi Hendrix". In the email please indicate "areas of interest" along with a link to your homepage. In addition, please provide a CV along with two letters of recommendation to Microsoft's online internship application site: https://research.microsoft.com/apps/tools/jobs/intern.aspx.

Internships offers will be made on a "rolling" basis so it is to your advantage to apply early. Priority will be given to applications submitted prior to Jan. 7th. The hard deadline for applying is January 31st and we expect to have all responses out in February. Note, this announcement only addresses candidates applying for computer vision and graphics internships at MSR's Redmond campus for summer 2013.
