

Partha Banerjee is Professor and Chair of the Department of Electro-Optics and Photonics, and Professor of Electrical and Computer Engineering at the University of Dayton. He was the Director of Electro-Optics from 2013-2016 and the Chair of Electrical and Computer Engineering from 2000-2005. His research interests include holography, metamaterials, photorefractive materials, and nonlinear optics. He is Fellow of SPIE, OSA and IoP, and is senior member of IEEE. He received the NSF Presidential Young Investigator Award in 1986. He has authored 5 textbooks, 10 book chapters, over 125 journal publications and over 150 conference papers. He was topical editor of Applied Optics, is chair of the environmental sensing committee at OSA, and was general chair of OSA Digital Holography topical meetings in 2010 and 2016.
